

DENTAL HEALTH CROSSWORD

ACROSS

- 2 A dental product that you use for cleaning between two teeth
- 4 The pink-colored tissue above your top teeth and below your bottom teeth
- 6 The number of times per day you should brush your teeth
- 8 A type of doctor who specializes in taking care of teeth
- 9 Another word for "baby" teeth

DOWN

- 1 Something you put on your toothbrush before brushing your teeth
- 2 A mineral that can help strengthen teeth and prevent cavities
- 3 Eating lots of foods with this sweet substance increases your risk of cavities
- 5 White coatings that dentists paint onto molars to help prevent cavities
- 7 A hole that forms in a decaying tooth
